

**Looking for a way to keep your child's math and reading skills sharp over the summer?**

## Try GRASP!

**GRASP** is a nine-week **correspondence** program for grades K-8, that helps students maintain reading and math skills while they are on summer vacation. Each lesson is constructed to reinforce or reteach typical basic skills generally found in most curricula at a particular grade level. **An online version is available for grades 4-8**; but, you cannot do both.

- One lesson per subject is completed each week for nine weeks.
- Each lesson should take about one hour per week to complete.
- Completed lessons are mailed to a scoring center in the envelopes provided. The lessons are scored, results recorded and returned to the children. The online students will receive feedback immediately.
- Children successfully completing at least 7 lessons (70% accuracy) are awarded a certificate. Those successfully completing all 9 lessons will receive a medal soon after Labor Day.
- Instruction sheets found in each packet provide all the necessary information to complete each lesson. The online version will be emailed.
- Children attending elementary grades at Bloomington Public Schools will have materials sent home with them the last week of school. Middle School and all others will be mailed the first week of June.

***Registrations must be received no later than April 9, 2020.***

**Enrollment fees: \$36.00 for one subject  
\$61.00 for both reading and math.**

We suggest parents order the grade level just completed. If your child is working at a different grade level, please order the most appropriate grade level by April 9, 2020.

Call 952 681-6132 for additional information. Visit our website [www.bloomingtonschools.org](http://www.bloomingtonschools.org) for additional registration forms--Click on Community Education, then K-12, then GRASP, then click the download registration form link
