Attendance

The middle school staff and administration believe that in order for students to achieve their best, near-perfect attendance is essential. Missing a part of all of a school day makes it difficult for students to stay on top of assignments to be successful.

If your child will be absent or if your child must leave during the day please call the school's attendance line and leave a message at 952-681-6602 or email at ogmattendance@isd271.org.

(please be sure to provide your student's first & last name, grade, and reason)

Office of Learning Supports

Learning Supports is hosting a speaking event for families around middle school students and executive functioning skills.

It will be hosted at Vally View Middle School on November 13th and live interpretation via headsets will be available.
