How to Enroll in a 403b plan

1. Decide which of the vendors listed on the 403b authorization form you would like to have your 403b plan with.
2. Call the vendor (or visit their website) to enroll/setup an account with the vendor you choose. We do not promote one vendor over the other and do not have specific sales reps that you have to work with. When opening an account please confirm with your Vendor chosen that the account you are opening is linked to the Districts plan. Sometimes you may need a Plan number/ID; please reach to payroll for this information if needed.
3. Once you have an established account with the 403b vendor (generally involves paperwork from the vendor about personal information and how you want your funds to be invested). Fill out the 403b Authorization form (found on the District Website).
4. Submit your authorization form to payroll to be processed on the next available payroll or as noted on the form.
