

Looking for a way to keep your child's math and reading skills sharp over the summer?
Try GRASP!

GRASP is a nine-week **correspondence** program for grades K-8, that has been helping students maintain reading and math skills while they are on summer break for 50 years. **An online version is available for grades 4-8;** however, you cannot do both.

- Children receive a packet of materials with a booklet. One lesson per subject is completed each week. The suggested return date for the first lesson is **6/4/24**.
- Each lesson should take about one hour per week to complete.
- Completed lessons are mailed in the envelopes provided and we will email results back. **New this year:** parents can score answer sheets with their cell phones instead of mailing them. An email will be sent with more information after we process your registration.
- Children successfully completing at least 7 lessons (70% accuracy) and postmarked by **8/9/24** are awarded a certificate. Those successfully completing all 9 lessons (70% accuracy) and postmarked by that date will receive a medal soon after Labor Day. Results will also be shared with their school.
- Instruction sheets found in each packet provide all the necessary information to complete each lesson. The online version will be emailed.
- Children attending elementary grades at Bloomington Public Schools will have materials sent home with them the last week of school. Middle School and all others will be notified when they can pick them up at Community Ed (2575 W 88th St).

Enrollment fees: \$37.00 for one subject \$64.00 for both reading and math.

We suggest parents order the grade level just completed. If your child is working at a different grade level, please order the most appropriate grade level by April 22, 2024.

Registrations must be received no later than April 22, 2024

Call 952 681-6132 for additional information. Visit our website www.bloomingtonschools.org for additional registration forms--Click on Community Education, then K-12, then GRASP, then click the download registration form link
