

The Hub

At Bloomington Public Schools, we believe one of the keys to successful learning is communication between home and school. One of our most important communication channels, [the Hub](#), is a password-protected website for parents and guardians that allows easy access to important student-specific information including homework, calendar, classroom sites, school news, attendance, bus information, and Personal Growth Plans (PGPs).

Log in

Visit bloomingtonschools.org/hub and enter your personalized username and password. Usernames and passwords are emailed or mailed to all parents before the start of each school year. Forgotten usernames and passwords can be retrieved at bloomingtonschools.org/password.

Student Information Transition from Prior to Upcoming School Year

Features

The Dashboard will display each child whose profile you can view. Select the Preferences tab to choose calendar display preference and adjust email digest settings.

Once you've selected a student, use the menu on the left to navigate between tabs and view student meal account and bus information, as well as passwords and PINs.

Hub Help

For additional help, please contact your school's [media director](#). When school is not in session, contact the district's Tech Center at 952-681-6456 or techcenter@isd271.org.
